

Coaches,

Thanks for participating in the Keys 22nd Annual Best Invitational Basketball Tournament.

We have over 48 teams in the tournament. We have the highest quality gyms in the Kansas City Area with UMKC and Avila College.

We had some challenges this weekend with state district high school games starting this weekend and weather problems in the south preventing some of our regular out of state customers from participating.

We still have great competition and some great matchups. The Ks Pray and Play Players are loaded in every age division and their 6th grade combined with 2021 Elite to be arguably one of the best teams in the country! The KC Rising Stars are out to face all challengers and will represent as a strong foe to all comers. The upcoming rivals from the East side of the state in St. Louis will bring tough challenges to these stacked youth programs.

We also maybe graced with Coach Larry Hughes “Former NBA Player” and Missouri State Champ as he brings his D1 StL United team. In K-1 we have an out-of-town team in the Wichita Mavericks.

The Middle School challenges have Stl Matthew Dickey Finest, Springfield Assault, Stl Team Future and Springfield Rage.

Good Luck!
